

**Pitlochry Community Action Trust Energy Fair November 2023**

**21<sup>st</sup> January and 16<sup>th</sup> April 2023. Insulate Pitlochry** (precursor to bigger events). This was the beginning of our community engagement with support from The HEAT Project and Pitlochry & District Climate Cafe. We organised these stalls in the Foyer of Pitlochry Coop to chat to our community about their energy needs and what support they needed in regard to both the Cost-of-Living Crisis and Energy Crisis.
